

**LOS ANGELES PACIFIC**  
UNIVERSITY

## Bachelor of Science in **HEALTH SCIENCES**

### ABOUT THE PROGRAM

A successful health sciences career requires a broad knowledge base for the major elements of management, science, and health care practices. The Bachelor of Science in Health Sciences at Los Angeles Pacific University equips students with professional knowledge and practical skills in the health science professions in accordance with the university's Christian heritage and mission.

LAPU offers students the opportunity to choose from multiple concentrations to specialize in their field of interest. Recommended concentrations for this program are highlighted on the following page.

### Highlights

- Integrate God's Word within the health science industry and society
- Demonstrate effective oral and written communication
- Identify and evaluate key personal and organizational ethics affecting healthcare professionals
- Utilize technology in statistical analysis and data management
- Examine cultural and diversity issues within interpersonal health care
- Demonstrate mastery of discipline-specific competencies in the field of health sciences
